■ Hack NU 3.0 by NIIT University

Profile

A passionate Computer Science student. Cybersecurity and networking are at the forefront of my research and career interests. **Enthusiastic** and **dedicated** to my work. As a member of the team, I will use my public relations and problem-solving skills along with my core cybersecurity skills, to add more value to the firm.

Work Experience

Cybersecurity Analyst Intern　　　　　　　　**Mar 2022 - Jun 2022**
Craw Security
- Brushed and implemented the knowledge of tools like **Nmap**, **Metasploit**, etc.
- Collaborated with different teams and learnt a lot about the work environment.

Interned at Cisco　　　　　　　　**Apr 2021 - Sep 2021**
Cisco Virtual Internship Program
- Learnt **basics of networking** and applied using Packet Tracer to build the network of an organization.

Projects

Password cracking
- In this project, I cracked the password using the basics of Python Language.

(R&D) - Impact of Video Knowledge base
- Implemented Video Knowledge Base in NIIT University.

C.R.U.D. Application
- Implemented create, retrieve, update and delete in a simple application.

Evolution from 5G to 6G - Research
- Purely research based project about 6G Technology .
